Education

Allegheny College / B.S. Computer Science
08/2017 - 05/2021, Meadville, PA
Student-Athlete/Major GPA: 3.0

Riverside High School / H.S. Diploma
08/2013 - 06/2017, Durham, NC

Engineering Program. GPA: 4.3

Projects

PC Builder / https://chproject.netlify.com/
Created a website using JavaScript, and CSS about the possible parts
you can use to build a PC

SQL injection /
https://github.com/Allegheny-Mozilla-Fellows/privacy
Created a SQL injection application this past summer that shows there are
privacy issues associated with web applications.

Password Manager/
https://github.com/wilsonj24/passwordmanager

Created a Password Manager program that stores passwords for multiple
websites.

Message Coder/Decoder/
https://github.com/Allegheny-Computer-Science-102-F2018/practical-04-fall-2018-cmpsc-102-wilsonj24
This was a project that I created that made an encoder and decoder program in
Python using RSA public/private keys and caeser-ciphers.

Openstack Web App/
https://github.com/wilsonj24/Cloud-Computing
Created a web application using the Openstack cloud computing software

Experience

Mozilla Fellow/Allegheny College
Summer 2020
Worked with my Professor to create labs that demonstrated the
importance of privacy and security. The goal of the project was to
achieve ethical programming within the computer science
discipline and we achieved that goal by giving students the
experience to hack a web application containing fake data.

Sports Camp Instructor/ WakeMed Soccer Park
06/2019-08/2019 - Cary, NC
Helped teach games to kids aged 6-12

Snack Bar Employee/ Duke Faculty Club
05/2016-08/2018
Managed a snack bar and check in kiosk during the summer.
